**Salary range:** DOE  
**Employment status:**

### Description

Troy Jackson is hiring for a Business Analyst for one of our best customers. This is a full time direct hire opportunity and you will have the chance to work on a very exciting long-term project.

The responsibilities of the Business Analyst:

1. Eliciting, analyzing, communicating, testing and verifying requirements.
2. Acting as liaison between business stakeholders, such as management, customers or end users, and the software development or information technology team.
3. Determines operational objectives by studying business functions; gathering information; evaluating output requirements and formats.
4. Work independently using strong analytical skills.

For immediate consideration, copy and paste this to the body of your email along with a resume and send it to Troy Jackson at Troy.Jackson@RHT.com

### Requirements

1. 3+ years of experience doing business analysis
2. Experience in working with full SDLC projects

### Technology doesn't change the world. People do.

As a technology staffing firm, we can't think of a more fitting mantra. We're extreme believers in technology and the incredible things it can do. But we know that behind every smart piece of software, every powerful processor, and every brilliant line of code is an even more brilliant person.

### Leader among IT staffing agencies

The intersection of technology and people — it's where we live. Backed by more than 65 years of experience, Robert Half Technology is a leader among IT staffing agencies. Whether you're looking to hire experienced technology talent or find the best technology jobs, we are your IT expert to call.

We understand not only the art of matching people, but also the science of technology. We use a proprietary matching tool that helps our staffing professionals connect just the right person to just the right job. And our network of industry connections and strategic partners remains unmatched.
