

Senior Network Engineer

Benefits: Candidates on temporary assignment may qualify for our competitive benefits package which includes group health, life and disability insurance and voluntary benefits such as retirement savings and holiday pay.

Salary range: \$125000.00 to \$135000.00 yearly
Employment status: Permanent

Description

This job is for someone with a strong interest in networking hardware and software. You're the perfect candidate for this job if you're well versed in interfacing, security, Internet protocols and server and network infrastructure. If you have a high attention to detail and a passion for the Healthcare/NHS field, Robert Half has a Network Engineer opening you might be interested in. Located in the Washington, District of Columbia area, this Network Engineer role is an opportunity for permanent employment.

Your responsibilities

- Establish and implement network test facilities
- Use traditional and creative methods to engineer enterprise data, voice and video networks
- Work alongside vendors, clients, carriers and technical staff on the implementation, optimization and ongoing management of networks
- Deliver high-level support and technical expertise in networking technology like hardware, hubs, bridges and routers
- Ensure a secure transfer of data to various locations via internal and external networks

Requirements

- Preferred skills include an understanding of networking such as switching and routing
- 8+ years networking experience
- Cisco CCNA experience
- Well-founded grasp of VOIP (voice over IP)
- Cisco ASA Firewall experience desired
- Proven knowledge of Network Infrastructure
- Cisco Products experience
- Cisco Routers experience highly desired
- Cisco Firewall experience
