Employment status: Contract / Temporary

Description

Are you looking for a position that offers an excellent growth opportunity? Professionals looking for an opportunity as an entry-level Financial Analyst should apply through Robert Half. As the Financial Analyst, you will deliver daily support to the accounting and finance departments as well as perform routine assignments and solve routine/standard problems with limited discretion. This is an entry-level role. You should be able to manage uncertainty and a generous amount of information. If you are a solution-oriented critical thinker with a passion for analysis, this is the Financial Analyst opportunity for you! Offered on a short-term duration, this is a contract / temporary position.

Responsibilities

- Manage several aspects of the monthly/quarterly/annual close process (i.e. journal entries, account reconciliations, expense analysis, and trend analysis, variance analysis)
- Generate ingenious alternatives and ideas to reduce costs and grow financial performance of a company
- Assess and query a vast amounts of data
- Offer support in the organization of monthly financial reporting and other business data
- Team up on annual budgeting process
- Reinforce the monitoring and maintaining internal accounting controls to ensure compliance with Sarbanes Oxley requirements
- Very likely have to describe hard financial subjects to non-financial staff members in special projects
- Determine veritable results at the corporate and division levels
- Utilize skill set in ensuring adequate controls and procedures
- Capable of assisting internal and external auditors during financial and operational audits
- Solidify and inspect budgets and income statement forecasts

Requirements

- Less than one year of experience
- Strong communication and social skills and able to receive criticism well
- Experience with Azure SQL Database
- Comprehensive knowledge of Corporate Procurement
- Expertise in Global Procurement
- Foundational knowledge in App Data
- Proficiency in account analysis
- Background in problem solving through statistical analysis or with large data sets highly valued (such as in derivatives, structured finance, or business analytics or in a similarly demanding and analytical role)
- Attentive, ability to work independently and prioritize tasks
- Candidate must have substantial computer experience including word processing, spreadsheets and presentation software, as well as databases and customer database systems
- BA/BS degree in finance or a related field
- Capable of working independently with minimal oversight
