Salary range: \$45.00 to \$51.00 hourly
Employment status: Contract / Temporary

Description

Robert Half is looking for a certified Data Analyst to join our client! The successful candidate will turn data into information, information into insight and insight into business decisions. Some responsibilities of the Data Analyst include conducting full lifecycle analysis to include requirements, activities and design, as well as developing analysis and reporting capabilities. You will also monitor performance and quality control plans to identify improvements.

Responsibilities

- Identify changes in financial and business trends by monitoring data
- Analyze data reports regularly, identifying and resolving any mistakes
- Support database updates and maintain accuracy
- Communicate the results of data analysis in written and verbal form to managers
- Develop business reports that provide insight into key data points
- Develop business analysis and data recording systems for use throughout the department
- Collect data and perform accurate analysis for various types of business reports
- Support other departments in reaching their goals through analysis

Requirements

- Must be skilled in critical thinking to help solve business problems and make decisions
- Time management and prioritization skills to meet project deadlines
- Knowledge of object-oriented programming and other data analysis programs
- Analytical skills that can develop data-driven reports
- 1 to 3 years of experience as a financial or business analyst
- Able to notice small details that could impact results
- Excellent verbal and written communication skills to effectively relate data to coworkers
- Comfortable with business operations, objectives, strategies, process and information flow
- Experience creating pivot tables, graphs, and charts using data tools
