

Web Developer

Benefits: Candidates on temporary assignment may qualify for our competitive benefits package which includes group health, life and disability insurance and voluntary benefits such as retirement savings and holiday pay.

Salary range: DOE
Employment status: Permanent

Description

Robert Half is looking for a web developer who is deeply passionate about the web and loves to bring dynamic projects to life. Do you combine creativity with strong coding skills and a deep understanding of enterprise systems? Then we have the position for you.

What you get to do every single day

- Drive and code solutions using creative solutions
- Collaborate with key partners to deliver on time tested and reusable code in a rapidly changing environment
- Identify business needs and adapt solutions that align with the company goals
- Work through complex business processes and create simple solutions integrating best of breed tools
- Work with leadership and others to find the right solutions

Requirements

What you bring to the role

- BS and a minimum of 3+ years' experience with both front-end and back-end technologies including: HTML5, CSS3, JavaScript, server-side PHP, Ruby on Rails in a B2B or B2C web production environment
- Strong knowledge of compatibility and cross-browser issues
- Minimum of 3 years of crafting high quality solutions
- Able to iterate quickly turning mockups into HTML and CSS
- A real passion for the end-to-end solutions that drive the user experience and customer happiness
- Experience caring for the technical needs of sites, apps and integrations with high volume traffic
- Deep understanding of how a mobile user experience differs from the experience on a web or other application
- Hands-on experience with one of the following server-side languages: RoR or PHP
