- 3+ years of experience in Network or System Administration
- Proficiency in DHCP and DNS
- Comprehensive knowledge of VPNs
- Experience with Cisco products
- Software and hardware experience with LAN/WAN operations
- The ability to troubleshoot and diagnose network and systems issues
- Previous experience in production environments and being on call

Description:

Robert Half is on the lookout for a tech savvy individual with great management skills to take on the role of Network Administrator at a premiere organization. To be successful in this role, you must have a can do attitude and be an organized problem solver who is passionate about ensuring and maintaining a stable network infrastructure. You will develop, administer, and maintain the network infrastructure to support the business by ensuring security, integrity, and high availability of enterprise systems and related components. You should be comfortable working with constantly changing software, hardware, network security programs, and data storage systems.

Robert Half is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.

Technology Doesn't Change the World, People Do.®

Robert Half is the world's first and largest specialized talent solutions firm that connects highly qualified job seekers to opportunities at great companies.
