Oracle Database Developer

Benefits: Candidates on temporary assignment may qualify for our competitive benefits package which includes group health, life and disability insurance and voluntary benefits such as retirement savings and holiday pay.

Salary range: \$76.00 to \$88.00 hourly
Employment status: Contract / Temporary

Description

Are relational databases your strong suit? Do you find designing, building and developing database architecture exciting? Database Developers with a strong command of query writing and an interest in developing systems will be interested in Robert Half's new job opening. This position is an opportunity for long-term contract / contract / contract / temporary employment, based in the San Jose, California area.

Your responsibilities in this role

- Generate a database schema based on data type and application related function
- Design, code, and carry new relational databases
- Build a method for storing future database data
- Supply documentation as well as training to the Database Administrator and other users, when necessary

Requirements

- Good understanding of query coding and relational databases
- Previous experience working as a Database Developer or a related role
- Knowledge and know-how to fix potential issues, and experience with industry standards for database operations
- Oracle experience desired
