Description

Robert Half is looking for a PHP - Laravel developer who will be more focused on the backend. A fully remote position.

This is a 6-month Contract to hire role. This is NOT a C2C position.

If interested, please apply to the job post and leave a message for Suman Sandhu @ 408-325-6440

Requirements

- PHP shop, tasks are primarily for data movement and manipulation
- Lots of backend, some FRE requirements, all presentation.
- The software itself has some legacy.
- Looking to rebuild and move it into a framework where it's easier to handle and update, etc. they have chosen Laravel. As a team, 80% of the effort is aimed at something they are troubleshooting, day to day, 20 % in new development of old products.
- Just launched a major milestone with an internal website, tool inventory. Its where they are going to put all software for people to administer their own jobs.
- Working on another piece with the same architecture, that will integrate with current website.
- Debug data flow issues.
