

Software Engineer

Benefits: Candidates on temporary assignment may qualify for our competitive benefits package which includes group health, life and disability insurance and voluntary benefits such as retirement savings and holiday pay.

Salary range: \$60.00 to \$70.00 hourly
Employment status: Contract / Temporary

Description

Are you creative and have strong coding skills and a deep understanding of enterprise systems? Robert Half is looking for a highly motivated Full Stack Software Engineer with strong software engineering techniques and knowledge of design patterns. The Full Stack Software Engineer will be expected to utilize best practices and innovation that results in superior software solutions. Successful developers will be self-driven, creative problem solvers and eager to collaborate and solve complex problems both on their own and within project teams.

Key responsibilities

- Advocate top programming practices and standards
- Design and implement back end and front end components and services
- Collaborate with an agile team to create solutions that align with the company goals based on business needs and business processes
- Produce high quality production-ready code in an agile environment
- Assess new technologies and develop prototypes for steady improvements
- Invite solutions which account for scalability and optimize performance

Requirements

- 2+ years of experience with current development tools/languages
- Knowledge of creating and consuming WebAPI's
- Understanding of Relational Database Management Systems
- Common development framework experience
- Prior experience with project methodologies
