## Network Engineer

**Benefits:** Candidates on temporary assignment may qualify for our competitive benefits package which includes group health, life and disability insurance and voluntary benefits such as retirement savings and holiday pay.

**Salary range:** DOE  
**Employment status:** Contract / Temporary

### Description

You'll love this job if you have a strong interest in networking hardware and software. Candidates who are well versed in interfacing, security, Internet protocols and server and network infrastructure will be a great fit for this position. Network Engineer candidates with a high attention to detail and a passion for the field will find a great opportunity in Robert Half's new job opening. This Network Engineer role is located in Burlingame, California and is a short-term contract / temporary opportunity.

### Responsibilities

- Maintain a secure transfer of data to multiple locations via internal and external networks
- Collaborate with vendors, clients, carriers and technical staff on the implementation, optimization and ongoing management of networks
- Contribute top-notch support and technical expertise in networking technology such as hubs, bridges, hardware and routers
- Develop enterprise data, voice, and video networks through the use of traditional and creative methods
- Set up and manage network test facilities

### Requirements

- Proficiency in Networking
- Command of Cisco Catalyst Switches
- Cisco Networking experience
- Knowledgeable of network design and implementation strategies
- Networking experience
