Systems Engineer

Benefits: Candidates on temporary assignment may qualify for our competitive benefits package which includes group health, life and disability insurance and voluntary benefits such as retirement savings and holiday pay.

Salary range: DOE
Employment status: Contract / Temporary

Description

Robert Half is hiring a Systems Engineer in Santa Clara, California for a hybrid work schedule environment! The Systems Engineer is a key contributor to the maintenance and optimization of the client's infrastructure and cloud. The ideal System Engineer has a solid Microsoft Azure background. This opportunity is for a contract / temporary role for a long-term duration. Submit an application now and learn more about this role!

Responsibilities

- Configure, monitor and maintain system performance as well as physical and cloud servers
- Provide issue resolution and system connectivity within cloud applications, servers and other software.
- Ensure procedures are well defined to maintain system security through access controls firewall, and backups
- Deliver 2nd and 3rd level support
- Consistently deliver the highest levels of systems and infrastructure availability
- Govern and oversee all installed systems and infrastructure
- Lend a hand to the design of information and operational support systems

Requirements

- 3+ years' experience in Systems Engineering or similar role
- Microsoft Azure experience required
- Plus if you have experience supporting AWS
- It is needed for applicants to have proven working experience in installing, configuring and troubleshooting Windows PC
- Applicants should have solid experience in the administration and performance tuning of application stacks
- You'll be a good fit for this position if you have experience with Zscaler, Crowd strike, and Zenos or similar software
