<b>Description</b>	
<p>Join the team at Robert Half Technology with this Help Desk Analyst Opportunity! This long-term temporary-to-full-time employment opportunity is based in the Charlotte, North Carolina area. Apply today if you have a can-do attitude and are looking to be part of a highly motivated team. We need you to handle complex end-user support issues and provide support to team members by focusing and restoring service to the end users. It is also important for you to understand how your role as the Help Desk Analyst relates to IT projects and IT Service Management initiatives. It is important for the chosen candidate to understand Incident, Problem, Change Management and other processes. It is important for the chosen candidate to understand how these processes work together to provide superior support and high availability of our business. Can you represent the Help Desk by liaising with 2nd and 3rd level teams to help transition new and changing services? This Help Desk Analyst job might be for you. This position could certainly have duties including creating knowledge articles and arranging training for other Help Desk Analysts when needed. You might find that you need to cover alternative shifts when needed. Apply for this position today if you think you are a self-confident, motivated person with a strong work ethic and excellent communication skills who enjoys a fast-paced, team-driven environment.</p>
